

General safety instructions

	<p>The premises is not a public transport area. Industrial trucks and rail transport always have priority. Driving onto the premises takes place at the user's own risk. In the vicinity of cranes, special caution applies. Stopping under suspended loads is strictly prohibited!</p>	
 Fotografieren verboten	<p>There is a general ban on alcohol, drugs or other intoxicating substances. Smoking, fire and open light are prohibited throughout the area. There is a risk of slipping and stumbling (tracks, bumps, etc.)</p> <p>The maximum speed allowed is 30 km / h on the entire premises. The hazard warning lights must be used when driving. Parking of vehicles is only allowed on the allocated parking areas. In general, we reserve the right to have vehicles towed away at the owner's expense, if they have been shut down contrary to the instructions, they hinder the terminal operations or represent any other risk.</p>	

First aid, fire protection, escape and rescue routes

	<p>In case of danger, find yourself at the assembly point in front of the buildings. In the event of an accident or injury, please contact the nearest employee. The first aid facilities are located, inter alia, at the security service.</p>	
	<p>Alarm plans and instructions for fire protection must be followed. Keep traffic routes, escape and rescue routes always free. Do not close or adjust emergency exits.</p>	

Safety signs

	<p>There is a range of signs that point out possible hazards, commandments and prohibitions as well as rescue facilities.</p> <p>The mandatory signs prescribe a certain behavior, for instance, wearing of head protection.</p>	
	<p>Prohibition signs prohibit a behavior that can cause a hazard, for example, smoking.</p>	
	<p>Warning signs warn of a risk or hazard, for instance, industrial trucks.</p> <p>Escape signs indicate a rescue route or emergency exits, the way to a first aid facility or these themselves.</p> <p>Fire protection signs identify locations of fire detection and extinguishing equipment.</p> <p>Hazard symbols indicate a danger characteristic of a dangerous substance, for example, toxic. Only instructed persons or guided groups may stay in areas with hazardous substances!</p>	

Access policy

Access to the premises is only available to visitors under the following conditions

1. Signature confirmed acceptance of the instruction sheets "Occupational safety" and "Port security"
2. Permission to access is only granted after release by security stuff, there is no general right of access for the terminal or ship visitor.
